<chorus>

N.C. Am F C
when everything falls apart, your arms hold me together
Am F C
when everything falls apart, you're the only hope for this heart

when everything falls apart, and my strength is gone
G F G
i find you mighty and strong, you keep holding on,
you keep holding on

Am F C G Am
when i see, the darkness all around me
F C G
when i see, that tragedy has found me
F C G F
i still believe, your faithful arms will never let me go

sorrow may last for the night

there will be storms in this life
F
but i know you will overcome
G
