

Kate

**B** **F#m** **E**  
We seem like worlds apart Colliding

**B** **F#m** **E**  
How do we start to live and stop just surviving?

**D#m**  
Getting no where fast  
**C#**  
Even if you were stronger  
**D#m** **C# - E**  
You can't keep that pace up much longer

**B**  
Kate

**F#m**  
I let you go  
**E**  
Never let you know  
**C#**  
all the ways and all the things  
That I know to show

**B**  
Kate

**F#m**  
Don't know if you knew  
**E**  
You just slipped on through

Will you ever know just  
**C#m** (Second time end on **A - E, A - E**)  
how much love He pours out for you.

**B** **F#m** **E**  
I seem to forget So remind me

**B** **F#m** **E**  
I want to push on through Sometimes past your timing

**G#m** **A**  
Lord, I did your work,  
**G#m** **A**  
But I, never said who I was working for

**G#m** **A**  
I assumed,  
**E**  
That you've heard this before  
**E**  
That you've heard this before
