C
Come down to the river
Come and let yourself in
              G
Make good on a promise
G                 C
To never hurt  again
                    Am
If you're lost and lonely
             F
You're Broken down
                  Dm
Bring all of your troubles
      Cadd9    C
Come lay 'em down

All you sinners
And the weak at heart
All you helpless
On the boulevards
Wherever you are now
Whatever evil you've found
Bring all of your troubles
And come lay 'em down

         F                        C
We're all tied to the same old failing
       F                    C
Finding shelter in things we know
           Am                      G
We're all dirty like corrupted small towns
                   F
We'll bring our troubles
                 F
We'll bring our troubles
Cadd9    C
Lay 'em down

All you rich men
And the high above
All of those with and without love
All you burdened broken down
Bring all of your troubles
Come lay 'em down {x4}
