

Am - C -F

i've lost so much
mostly time
i've labeled it all
What's yours and theirs and mine
But I have nothing lord it's all your's

C G Am F

Use me Lord
help me see
all you've done
and are doing for me
Teach me more
help me see
what i should do
And who I can be
Lord use me

I feel the touch
You keep me true
But i don't like to loose control
So I'll give it to you
I am nothing if not Your's Lord

My family is yours
My life is yours
my friends are Your friends
my voice is Your Voice
